Greetings!

Dear Mr. Aparajeet,

With my heartfelt thanks and feelings, I want to express my genuine gratitude for all the hard work (the one example was multi-language i.e. Tamil, English, Hindi) you have done during the training session conducted at Trichy. You have given a new dimension to teaching with your unique and innovative ways. Your way of making the difficult concepts easy to understand is simply outstanding.

I really appreciate the way you encourage our employees to put their best efforts in understanding the sessions. The way you have created the self motivation to participate group activities to every employee is outstanding. You have taught even the most boring topics in very interesting manner by using innovative ways. In fact, many employees have developed their public speaking skills and now they are well in interpersonal skills too.

Hereby I am sending the payment advice and cheque for the clearances with reference to the payment invoice no 119 dated 16th March 2012.

Once again I would like to extend warm thanks to you for all the superb work you have done and wish you best wishes for your future endeavours.
